

'round town

with Betty Allen...

The first game of the season drew an enthusiastic crowd... in addition to the students there was a good sprinkling of adults and quite a few new alumni, apparently much interested in what happens to the Buccaneers.

Noticed at the game: a new and very much needed drinking fountain... new blue helmets for the squad and attractive new blue parkas... the strange fact that the five charming young cheerleaders all have hair almost identical in color.

And speaking of charming young things, no matter what wacky attire high school girls wear they continue to please the eye with their special vitality and that excited, isn't-everything-wonderful glow. The weird and crazy stuff they put on actually manages to look cute... little hats on top of tied-under-the-chin scarfs, ballet slippers, those rather huge looking white duck shoes, something that looks like a giant padlock dangling from a wrist and big silver hearts with pierced arrows used as barettes—to name a few.

Both Carmel and Campbell have the same colors, which gave Charles Savstrom, the Echo's versatile new sports writer, an idea for a good gag in his sports column, "Side Lines". He orated: "Savstrom predicts: The football game tomorrow will either end in a victory for 'The Red and Blue C, or it will be a tie."

The recent decision of the County Board of Supervisors to license all county dogs outside of incorporated areas will take some more money out of Campbell. Arrangements have not yet been worked out, but the existence of the law is necessary before the Humane Society can establish a county pound. Well, perhaps we'll decide to incorporate before all the arrangements are completed and can make our own rules and regulations about dogs.

Understand Capitola is considering incorporation... The Campbell Water Co. is the proud possessor of a new addressograph which does everything but talk... Heard a rumor that the Kiwanis Club is planning a bang-up Halloween party for the small fry... more details later.

Scouts Camp On Seashore

By Dudley Herschbach
Scout Reporter

Not satisfied with camping in one kind of environment—the woods—the Boy Scouts of Troop 36 experimented last weekend with a "seashore" trip.

Accompanied by Lawrence L. Miller, assistant scoutmaster (the scoutmaster was deer hunting) and James Peterson, "Birdman", they set up camp in a little valley near Pescadero, surrounded by hills on three sides and bounded by the Pacific on the fourth.

On arriving at the campsite the Scouts discovered a cave 700 feet long straight through a hill. Upon exploring it they found it came out on a bluff overlooking a beach 50 feet below. After exploring the cave, the Scouts began to explore the seashore and had much fun digging for sand crabs and swimming. There was some competition for the largest crabs, but no one tried to cook any.

In the evening the boys gathered around the council fire, and played some tricky games including one where the participants were tied together, handcuff fashion, and had to resort to all kinds of gymnastics to free themselves. In another, one boy was a detective, who was to find out who was "it" among the circle of boys. He could ask anyone any questions in order to find out. The trouble was everybody was "it". Mr. Peterson then entertained with some hair-raising stories—true or otherwise.

The Scouts also engaged in a "cliff-climbing" expedition, a "beach-combing" trip and a "bird hike".

William Young To Speak On Police Department

With an election on incorporation assured, the Campbell Taxpayers' Association is continuing its open meetings for the discussion of problems concerning incorporation. Since its members feel that police protection would be one of the chief benefits of incorporation they have secured a speaker for Tuesday evening, Oct. 15, William Young, criminologist and FBI specialist.

All interested residents are invited to attend the meeting at the Country Woman's Hall to hear Young discuss possibilities of obtaining an efficient police department for Campbell. He was formerly affiliated with the San Jose police department.

The Taxpayers' Association, aided by the Chamber of Commerce, was instrumental in securing industrial zoning for Campbell which will permit industry to locate here and offer year-round employment.

Lon Weeks Injured In Car Crash

Lon Weeks, Dillon Ave., is in a Stockton hospital in a serious condition from injuries received when his car collided with a truck near Stockton last week. Weeks was returning from a hunting trip.

According to reports from Mrs. Weeks who left immediately for Stockton, her husband has not yet regained consciousness.

Driving the car was Omer Kimbriel who received a hip injury. A third man, Raymond Bumpas, was only slightly injured.

The car in which the men were riding was almost completely demolished.

WHAT TO DO WHEN YOU SPOT A FIRE

By JACK SCOTT
Campbell Fire Chief

Fire depends upon three factors: (1) A substance that will burn; (2) Enough heat to burn it; (3) Enough oxygen to feed the flames.

Remove any one of these factors and you put the fire out.

A substance that will burn can be removed from a fire sometimes, but in most cases it is necessary to eliminate the heat or the oxygen.

To reduce heat, water, or water-containing chemicals, is used on fires. To cut off oxygen, which is to say smothering, something that will keep the air away from the fire, has to be used.

On fires of ordinary materials such as wood, paper, cloth and excelsior, cooling or water is used.

On switchboards, motors and other electrical equipment fires, water, except produced by a fog nozzle, should not be used.

How can you fight a small fire safely? The first thing to do when fire breaks out is to collect your wits and size up the situation. After notifying the fire department, go into action yourself. Remain at a comfortable distance and pour water or what have you on the fire, not the smoke.

Clean up your basements and attics, also your back yards; be sure and burn in a barrel where available.

Three fire department phones are listed at Campbell 3324 and there is someone on duty most of the time. Do not be a afraid to call in case of fire.

Grammar School To Use Scout Hut

A very slight relief for the overcrowded Campbell Grammar School is seen in the news that the school will use the Boy Scout Hut for two sections of the fifth grade. The students will use the structure as soon as it can be put in readiness.

This will make only a slight dent in the bulging classrooms and the school building will be further crowded by the addition of a second morning kindergarten class to accommodate the waiting list of 40. This will make three large kindergarten classes, in keeping with the national kindergarten increase believed due to the first wave of war babies now approaching school age.

With classrooms cut in two and every available space, including halls and auditoriums used for classrooms, teachers are anxiously awaiting the two new schools for which a bond issue was recently voted, but plans for the schools are still in the preliminary stages.

Site for the North end school has recently received the triple approval necessary before its purchase. The State Department of Education, the County Superintendent of Schools and the County Planning Commission have given an official O. K. for the purchase of the Stonier property on the South side of Moorpark, some distance behind the County Hospital.

Approved last month as a site for the second school was the Miller property lying on the South side of Pollard Road, between Harriet and Burrow.

Pass Prop. 3 Or Children Suffer

By LOUISE TORDT

California's children will pay the penalty if we the voters fail to pass Proposition 3. When voting on this proposition we are not voting for ourselves but for the children who will attend the schools in the future.

In order to remedy the teacher shortage problem the State has been forced to increase its teaching personnel in several ways. First, teachers who have retired, that is, teachers over the age of 65, have been allowed to re-enter the profession. Second, the State has encouraged married women who have not taught for several years, to return to teaching. By means of these two expedients 7,000 teachers have been obtained. Next certificated requirements have been lowered and there are now 10,000 teachers in California with emergency or sub-standard credentials. That is, about one teacher out of every seven holds an emergency or sub-standard credential.

Taking teachers from these three sources has increased the number of teachers and has allowed many schools which might have been closed to remain open; however, all teachers in the retired and married groups will not always be available. Teachers who have reached the age of 65 will not want to teach for many years, and already, with the return of servicemen, large numbers of married teachers have resigned.

Many of the teachers with emergency or sub-standard credentials are doing an excellent job, but this number cannot increase if California is to continue her high educational standards. At present in some parts of the State teachers are being employed with as little as two years of college training. Others who are untrained in administration are being hired as principals.

If children are to have properly qualified teachers, young people must be encouraged to enter the teaching profession. This can only be accomplished by passing Proposition 3, which insures teachers a salary on which they can live.

Peerless Stages To Improve Service With New Coaches

H. D. Gaeta, president of Peerless Stages, Inc., has just returned from an extended trip in the East in search of new equipment. He reports that he has signed orders for the delivery of 12 new buses from the Aerocoach Corporation of Chicago, Illinois. They will be 37-passenger de luxe streamlined buses with reclining chairs and equipped with the very latest safety feature improvements. Mr. Gaeta has been promised delivery of them as follows: Six in February, 1947, two in March, 1947; and four in April, 1947.

Peerless Stages serves points between Oakland, San Jose, Los Gatos and Santa Cruz and between Oakland and Palo Alto (via Dumbarton Bridge). It is also the connecting carrier at San Jose for passengers to and from all points on the Coast Division, via Los Angeles, San Diego and intermediate points.

With these new units, Mr. Gaeta is of the opinion that his company will be able to serve these points as well as the finest in the country.

Kiwanis Celebrate Newspaper Week

In observance of National Newspaper Week, John Baggerly, publisher of the Los Gatos Mail News, told Campbell Kiwanis members at their regular Tuesday luncheon of his newspaper experiences during the war when he was sent on a secret mission to Persia, the only spot in the war theater where American, English and Russian troops worked in unison on a road built for the purpose of getting supplies through to Russia. He also gave examples of the humorous errors that sometimes get by proofreaders and showed a number of original cartoons drawn from newspaper publications.

Martin Allen served as chairman and Wayne Buck, outstanding athlete, was the high school guest. Also visiting the club was Prentiss Brown of Los Gatos.

Among the Campbell Kiwanians attending the District convention in Oakland this week are Mr. and Mrs. Budd Levenberg, Mr. and Mrs. Jack Murdock, Joseph Gomes, Guy Farley, C. P. Klassen and the Rev. Robert Carlson who will entertain at the gathering accompanied on the piano by Mrs. Irma Sanders.

Joseph Agostinho having resigned as president-elect for 1947, vice-president-elect Budd Levenberg will assume the presidency. Clarence Nelson was elected as vice-president; Ethan Lanphear, secretary; and the new directors are: Lowell Benson, Joe Dahl, Guy Farley, Carl Field, Joseph Gomes, Martin Allen and Jack Murdock.

At next week's meeting Mickey Carter will show pictures of Guatemala and Jack Murdock will report on the Oakland convention.

LEAVES HIGH SCHOOL

METHODIST CHURCH STARTS YOUTH PROGRAM

The youth program of the Methodist Church includes young people from the 7th grade through the college age. The Junior High School youth meet at 5:45 Sunday evening under the leadership of Mr. and Mrs. Franklin Blaine. Herman Rice will be the leader of the discussion. Both groups rejoin in a worship period led by Bernell Ellison.

Led by a powerful line the fighting Campbell High Buccaneers opened the season by defeating the visiting Carmel Padres. Coach Herb Hudson's men got right into the swing of things by making a touchdown on their second play. Jay Kuykendall lugged the leather for the first score and hit the stripes after a clean 14 yard sprint.

Fellowship Supper Planned At Church

The second Fellowship supper of the fall will be held at the Congregational Church this coming Wednesday evening at 6:30 p. m. The speaker of the evening will be Rev. Ralph Conard, minister of the First Congregational Church, Alameda, California. Rev. Conard is in charge of the postwar emergency program for the Northern California Congregational conference. The postwar program has been established for the purpose of raising funds for postwar missionary and relief projects in this country and abroad. Rev. Conard is president of the Alameda Rotary Club and is well known in the Bay area. Group No. 2 of the Women's Guild is in charge of the arrangements.

Following Gouley's run to the 13, Kuykendall smashed his way to the one-foot mark. Buck went over on a quarterback sneak and kicked a successful convert to increase the margin to 13-0. From there the game was played in the Paddes' end of the field, but the Bucs couldn't score again.

Friday, Oct. 11, the Bucs travel to Gilroy for their first league game this year. The varsity match at Gilroy will be preceded by a strong 130 exponent team, coached by Coach Harold "Bulldog" Drummond, playing the Gilroy lightweights. Starting times are: 130's at 6:15; varsity at 8:00.

EDITORIAL

At this time every year editors all over the country write editorials about the Community Chest and civic leaders are quoted in news columns urging their fellow citizens to contribute.

With our smoothly geared publicity and our mechanics of organization we are a little likely to overlook the real spirit of the Community Chest. We are sometimes prone to forget that the Community Chest is both a duty and a privilege—that of giving to those less fortunate and building a secure future for our youth.

We are also apt to take for granted the hard work and energy that certain public spirited men and women give to accomplish the goals of the Community Chest and it is usually the same men and women who, year after year, give of their time and energy. When they come to our doors, during the next few weeks let's thank them for their work.

SOAP SHORTAGE CONTINUES

WASHINGTON. — Most important question facing every housewife on Monday morning—soap—probably won't be solved for some time. This is bad news, but it's hard to get around.

There are two main reasons for the soap shortage, one of them unavoidable, the other avoidable—provided the government had been tough enough with industry.

First reason is the loss of coconut trees in the Philippine, and the war-torn South Pacific. Whereas coconut oil and copra used to be at glut on the market, many trees were destroyed in the Philippines, in the Solomons and wherever fighting occurred. There are still plenty of trees left, but it takes time to get neglected plantations going again and General MacArthur at first refused to let Philippine civilians return to come of these areas.

The other reason — which could have been avoided — is that the soap manufacturers diverted a large percentage of their materials to higher-priced toilette soaps. That is why some housewives actually are using perfumed soap to do their washing.

The situation in soap is similar to that in the men's clothing industry, where civilian production administration permitted clothing manufacturers to divert material to higher-priced women's wear instead of men's clothing. Profits in the women's trade were larger.

Likewise, profits are larger in the expensive perfumed soap trade. Government authorities have done little to divert soap materials to cheaper brands used for kitchen and laundry. Of course, the minute the government tries to intervene, it gets accused of interfering with private enterprise, so some of Mr. Truman's aides are getting a little chary.

Another factor in the soap shortage is that housewives have grown careless about saving kitchen fats. During the war housewives were conserving fats at the rate of 200 million pounds a year, a great part of which went into soaps. However, with no patriotic impulses to continue the practice, much fat is now going down the drain or into the garbage can.

Another difficulty has been lack of inter-island boats for moving coconut cargoes to Manila. The U. S. Navy recently stepped in and allocated several hundred small landing boats for this purpose, but even so the commerce department estimates the laundry-soap shortage will continue until the end of the year.

★ ★ ★ ED PAULEY'S LATEST REPORT

When Ed Pauley gets away from oil and politics he assumes much greater stature. As a result of his travels in Europe, he has just written a private report to President Truman on the question of Jewish refugees which makes those who have read it understand not only the plight of the refugees but the sensitiveness of the Jewish people.

Here are some of the most striking portions of the Pauley report:

"The more one hears about the wanton murder of the Jews by the Germans, the more one wonders why this great crime has not shocked the conscience of mankind more than it has.

"Newspapers are accustomed to speak of mass murder when a half-dozen victims are shot down by a gunman. What shall we call it when whole towns die and the slaughtered are numbered by millions?"

"When I first heard that the Germans had used the flesh of these victims to make soap, I did not believe it. There are a number of exhibits at the trial from the 'soap factory.'

"The clearer a picture one gets of what happened to over five million Jewish men, women and children in Europe during the last several years, the clearer an understanding one develops of the tragic situation of the surviving Jews in Europe.

"We cannot bring five million dead bodies to life—we cannot breathe the breath of life into the pits of human ash and human bones—we cannot even find the little bodies that once wore the thousands of baby shoes found amongst piles of shoes of every size. But we can take action—and take it now—to make certain that the over one million European

"HASTY HEART" NEXT SUNDAY

"The Hasty Heart", produced by Lewis and Young, direct from the Geary Theater, San Francisco, will have one performance in the San Jose Auditorium on next Sunday evening, Oct. 13. "Everyone should see 'The Hasty Heart'... it is so good it deserves capacity audiences every time it plays," said one San Francisco critic, while another declared, "Kept a capacity audience in glowing mood."

Tense, tough, at all times entertaining, always funny, sometimes close to tragic, "The Hasty Heart" is a masterpiece of play-writing, by the genius John Patrick, and of acting and direction. Erin O'Brien-Moore, Whitner Bissell, and Dean Harens are the leading actors.

Judge Blaine likes to call himself the youngest judge in Santa Clara County. He seems to be the only judge who rides a bicycle to the County Court House.

Young himself in spirit, Judge Blaine gives much thought to problems of young people. Personally fond of recreation, the popular preventive of delinquency, he supports recreation by precept and example. He is seen every week on the High School tennis courts. He believes wholeheartedly in benefits of work, and just as wholeheartedly in benefits of play.

If returned to office in this run-off campaign Judge Blaine believes that the next four years will be his best.

The committee assisting Mrs. Anthony Jurras, chairman, was comprised of Mesdames Ross Trowbridge, O. C. Jensen, W. C. Bohnett, Georgene Kidward, and C. W. Sutter.

The next meeting of the club will be held on Oct. 21 with Ruth Comfort Mitchell as speaker of the day.

Newlyweds make Home In Campbell

Campbell will be the home of Mr. and Mrs. Norman D. Malone, whose impressive rites were read recently by Rt. Rev. Msgr. Edward Meher at St. Patrick's Church in San Jose.

All of the decor was in white with the bride and all her attendants gowned in white. The bride, the former Miss Marilyn J. Sabatte, daughter of Mr. and Mrs. Edmond Sabatte of San Jose, was given in marriage by her father. Her gown was of white slipper satin with fitted bodice, inset yoke of marquisette and long sleeves ending in points at the wrists. Her full skirt ended in a long train and her fingertip veil of white tulle was held in place by a Mary of Scots headpiece of lace and orange blossoms. Her white prayer book was centered with a white orchid and bouvardia streamers. She also wore a single strand of pearls given to her by the benedict.

Mrs. Mario Pera, sister of the bride, served as matron of honor. She wore a white gown of embroidered taffeta with scalloped neckline and sleeves and a bustle back. White bouvardia comprised her headpiece and she carried white gladioli combined with bouvardia.

Another sister, Mrs. Samuel Alaimo, and a cousin, Miss Joan Marie Figone, served as bridesmaids wearing identical frocks of white brocaded taffeta with bouvardia headpieces. Their bouquets were of white gladioli centered with pink bouvardia. Each attendant wore a single strand of pearls, presented to them by the bride.

Best man was James C. Malone, brother of the bridegroom, and ushers were George Barella, cousin of the bride, and Mario Pera and Henry Ames.

The bridegroom is the son of Mr. and Mrs. Clinton Malone of Campbell, and graduated from Campbell Union High School before entering the Navy in which he served three years, two of which were spent overseas.

At the wedding reception given at the home of the bride's grandmother, Mrs. Pierre Sabatte in Naglee Park, the bride's mother was attired in a soldier blue tailleur with black and white accessories. Mrs. Clinton Malone, the benedict's mother, wore a navy and white crepe gown complemented with matching accessories. Both mothers wore gardenia corsages.

When the young couple left for their wedding trip North, the bride was dressed in a gray and yellow checked suit styled with a bolero. With this she wore a gray feather hat and gray accessories with an orchid corsage.

With winter coming on the men should be pleased with the sturdy coat style inexpensive sweaters which have recently been added to Benson's stock. There are also sturdy sweaters for juniors in coat style and blue and brown. New gabardine sport jackets with zippers and fancy pocket fasteners are mighty smart looking. Boxer type shorts of sateen are also available.

If you want to make a hit with your girl step into Clark's drug store and purchase one of the Dana colognes. They have "20 Carat", a cologne made for all types which has floating gold particles and a heavenly scent, "Platine", a lighter cologne for blondes with floating particles of platinum, and the ever popular "Tabu", which has been known to cast strange spells over unsuspecting victims.

The carpenters in the family will be interested in the new Stanley planes at the Campbell Hardware. Another scarce item now available is the Crescent wrench. If you can hold the children off until Christmas the all steel ball-bearing skates would be just the thing for youngsters—better get the skates now and put them away.

Plastic rain hoods in green, white and two shades of blue with capes to keep the water from running down the neck are to be found at The Dresser Drawer. Mighty cute fancy pants for the little miss in yellow, tea rose, blue and white are available in either satin or crepe. With lace trim these would delight any youngster. They come in sizes 2-6.

Jolly cards, sacred cards, Santa Claus cards, animal cards, children cards—it would be impossible to think of a theme for a Christmas card which is not to be found among the large assortment of cards at The What Not. Nor Cross, Brownie Block Prints, Hallmark and Ars Sacra are the four well known makes represented. These may be purchased individually or in boxed assortments. There are many personalized cards this year—"from our house to yours", "to my doctor", "to my sister", and many others. Tags and seals are also plentiful at present, but these items as well as the cards will be sold early in the season.

You may now purchase lovely chenille robes in aqua, blue, or raspberry in sizes 14-20 at Rachel's. There are also butcher boy style flannel pajamas in the same sizes.

Social and Club Notes

Ne-Tops Sewing Circle Meets

Scissors and needles were literally flying last Tuesday night, Oct. 1, in Mrs. Edith Anderson's house on Campbell Ave., when the sewing circle of Ne-Tops Council held their first meeting. When the members laid down their "tools" quite a dent had been made in the beginning of their costumes for the drill team. Attending the meeting were Mesdames Sharon Parker, Vida Folden, Bertha Hindle, Blanche Gilpatrick, Gladys Baker, Ruth Franzen, and Edith Anderson. Refreshments were served after the sewing was completed.

The next regular meeting of the Council will be held on Friday night, Oct. 11, in the IOOF Hall at 8 o'clock. The drill team will rehearse and members are urgently requested to attend.

BIRTHDAY PARTY

The 16th birthday of Miss Regina Smith was the incentive for a surprise party at the home of her parents, Mr. and Mrs. Fred H. Smith, on San Tomas Road, last Saturday night. Jeep rides, weenie roasting, and music and games in the barn loft featured the entertainment for the girls who were present, including Lois Smith, Lillian Bohn, Doris Smith, Betty Larkin, Jean Smith, Mary Loyd Hollingshead, Barbara Hollingshead, Margaret Hengstebeck, Phillipa Hengstebeck, Margaret Smith, Marilyn Ott, Jean Currie and Jeanette Gomez.

Grammar School Notes

Miss Metzker's low 5th class has a total of 45 children. Eight are coming to Campbell school for the first time.

The class officers elected for the month of October are: President, Patty Devitt; vice - president, Duane Cline; and secretary, Gary Lenz.

One of the new activities of the class is folk dancing. So far the class has learned "Belking" and now is learning the Virginia Reel. —Wanda Kenney, low 8th.

Miss Blaine's low 3rd grade of 41 children are studying Mexico. The children are very interested in the subject. They bring objects that have to do with Mexico and put them on an exhibition shelf.

They also have a very interesting exhibit of shells, starfish, and other objects that you would find at the beach. Miss Blaine's cousin sent them to her from all over the world.

—Tom Barton, low 8th.

The PTA met for the first time in the cafeteria Tuesday, Oct. 1. They sang many songs and had an interesting speaker. Refreshments were served and they had an enormous crowd. Everyone enjoyed themselves very much.

The Campbell Union Grammar School had their first fire drill this year at 9:35 a. m. on Wednesday. Posters were made by the low 8th grades indicating which direction to go. One was placed in every class in case they were in a different class for studies.

—Pat Hitchman, low 8th.

For many years the Campbell Union Grammar School has needed a ventilating system in our school auditorium. Christmas pageants have been presented to help earn enough money to have such a system installed. Friday, Mr. Henley our school principal, announced in assembly that the ventilating system is now being installed. We will be very happy to have fresh air when having assembly now.

—Frances Clark, low 8th.

Mrs. Fuller has a class of 47. They are all learning how to make stencils of autumn leaves. They are going to make a border with them. The pupils are also learning autumn songs.

Mrs. Fuller has a chart which tells whether the children come to school clean. She drew each pupil's picture on a piece of cardboard. If they are not clean she turns the cardboard face around. The other side is black.

—Warren Sisk, high 8th.

YOUTH ACTIVITIES TEMPORARILY DISCONTINUE

Since the Campbell Grammar School has taken over the Scout Hut, former home of the Roost, the activities of the youth group will be temporarily discontinued. Herbert Shadle, president of the Youth Council, says that the Council will be on the alert to find another meeting place within the near future.

82,000 of our stockholders, or 61% of all our business partners, live in California. They are for the most part, men and women of average means, who have put their savings to work in this Company.

Their money helped build the dams, the powerhouses, the tower lines, the gas tanks and the gas mains that serve nearly all of northern and central California.

Their investment does more than make possible the distribution of low cost gas and electricity. It creates employment and aids the State's development.

Moreland School Notes

On Sept. 30, the cafeteria opened. The cooks are Mrs. Andrieu and Mrs. Teixeira.

Thursday is sewing day for the girls. Miss Castro, the 5th and 6th grade teacher is in charge.

Last year Moreland was a small school, and this year there are about 160 pupils.

The teacher of the 1st and 2nd grades is Mrs. G. Baker, principal. The 3rd and 4th grades teacher is Mrs. M. Montmorency.

The PTA held their meeting Oct. 2.

Mr. Zander, our music instructor, has a large class this year. A number of new students have enrolled in the class.

—Marie Battaglia, 8th grade.

I have come to Moreland from a larger and more modern school. When I first saw Moreland I had the impression that it was an old fashioned school, but on Sept. 23, 1946, when Moreland opened, I was surprised to find that it had very up-to-date, English, civics and arithmetic books. Moreland plans on having a good basketball team this year. Mr. Brown, who is in charge of the team, is the new 8th grade teacher.

By Mary Lynne Thompson

On the 112th anniversary of the day that Nathan Hale "regretted that he had but one life to give for his country" there was born in Kansas City, Mo., Ethan "E." Lanphear. The date was September 22, 1888. The "E" in his name is a mysterious, dark secret.

Mr. Lanphear received his education in public schools of St. Louis and at the University of Missouri. He graduated from the St. Louis Business College and American Institute of Banking.

He came to Campbell early in the year 1912, and for the first eight years that he lived here he clerked in a general merchandise store that was owned at the time by Judge John D. Blaine. In 1920 he entered the field of banking and for 18 years was with the American Trust Company, and was manager of the Saratoga, Newman and Concord branches.

He served as fire chief for seven years after helping to organize the present department in 1913. He is still a member of the board.

Mr. Lanphear is active in community affairs and has served many organizations, including four years as a member of Sanitary Commission, one year as campaign manager and four years as secretary-treasurer of Community and War Chest. During the war he served as an official for Civilian Defense, and as chairman for one of the bond drives.

He is married, and the father of two sons, one of whom he lost in the war. The other son lives in Saratoga. His hobby is playing bridge, and they say he is pretty good at it.

WOMEN FINED ON PEACE DISTURBANCE CHARGE

On a charge of disturbing the peace, Jessie Schrum and Bessie Riley spent a night in the County jail last week before being arraigned before Justice of the Peace John Haine. Both women pleaded guilty and were fined \$20 each.

The complaint was signed by Mrs. Ruby Brock who said the two women grew angry while or after drinking and insulted her and threw pots and pans about her Gilman Ave. home.

CAR CRASHES INTO TRUCK

Earl George Slate, 562 E. Campbell Ave., was the driver of a truck involved in an accident on the Monterey Highway just south of Hillsdale Ave. last Saturday. A car driven by Russell MacRay is reported to have crashed into the rear of Slate's truck, injuring both MacRay and his passenger, Frank Webb. Both the young men were sailors and after being treated at San Jose Hospital, Webb was removed to the Naval hospital at Moffett Field.

COOK BOOK TO BE PUBLISHED

Members of the Methodist Women's Society are busy collecting recipes for the 50-page book of "signed" recipes to be printed soon. The book will contain favorite recipes of many Campbell women with each woman's name appearing with her recipe.

The book will also contain advertising for local merchants.

In charge of the undertaking is Mrs. A. F. Zimmer assisted by Mesdames Raymond Flagg, Clara Baldwin, Herbert Binley, Hattie Fellman, and Milton Robertson.

Printing will be done by The Campbell Press and the books are expected to be ready for sale at the Methodist Bazaar to be held Nov. 21, although orders are being taken for the books now.

Full speed ahead
on needed equipment

... Pacific Coast's amazing growth makes job bigger than ever

We are adding equipment and installing telephones just as fast as conditions permit . . . at a faster pace this year, in fact, than ever before.

But continuing shortages of equipment and restrictions on building construction have so far made it impossible for us to keep pace with the Pacific Coast's spectacular growth. Though we have already added more than 253,000 new telephones during the first eight months of this year and every bit of our equipment is working to capacity, there is still a big job ahead. You can be sure we are doing everything we can to get your telephone to you as soon as possible. Thank you for your understanding and patience.

"For Jimmie and me"

Vote 'YES' on 3!

Proposition 3 will relieve the teacher famine in California by guaranteeing public school teachers a minimum salary of \$2400 a year. Local taxes will not be increased by this measure. State funds are available for this purpose.

Two hundred California organizations, including the following, urge you to vote "YES" on 3—Republican and Democratic Parties, American Legion, Veterans of Foreign Wars, Disabled American Veterans, AFL, CIO, Native Daughters and Native Sons, and P-TA.

And remember—when you vote "Yes" on 3, be sure to vote "No" on 13, which would further reduce present inadequate school appropriations.

Campbell Court Notes

By JUDGE BLAINE

What is a "limit" sentence? This question has come up in Campbell court several times recently, and the answer has been found not as simple as might be supposed.

Section 19 of our Criminal Code reads: "Except in cases where a different punishment is prescribed by any law of this State, every offense declared to be a misdemeanor is punishable by imprisonment in the County jail not exceeding six months, or by a fine not exceeding five hundred dollars, or by both."

A limit sentence in an ordinary misdemeanor would thus appear to be six months in jail plus a fine of five hundred dollars. But how can a judge collect the fine if the defendant refuses to pay it? Nothing can be added to the limit jail sentence. However, by suspending part of the jail sentence the judge may induce the defendant to pay the limit fine. And thus in general suspended jail sentences are used to help collect fines, especially when the fines are large.

The actual limit sentence apparently includes probation, which may be imposed for two years. All or part of a jail sentence can be held over a defendant for the full two years and thus in effect make the sentence four times as long as would be the actual limit sentence to jail.

But probation is not always a success. This county has one county probation officer. He may have in charge hundreds of cases at one time. The judge himself may choose to act as a local probation officer. But he may have too many other duties. To assist in the work the law provides for a county committee of seven, who serve without compensation. These seven may "exercise a friendly supervision of probationers when so directed by the court". But who ever hears of them or knows who they are?

It has been suggested that each community have its own probation committee. The work would demand much tact. "Friendly supervision" is difficult. A good probation official is said to be born and not made. Pending discovery of enough born probation officials, a defendant's own friends can be helpful.

Sometimes it is very helpful for a defendant to discover who his real friends are.

FOR Veterans' Welfare

Vote "YES" on Proposition 2!

The Veterans of Foreign Wars and the Disabled American Veterans urge you to vote "YES" on Proposition 2 on the November ballot.

This measure will legalize greyhound racing in California—under strict state supervision—and turn over 4 per cent of all track wagers to a Veterans' Fund administered by the State Department of Veterans Affairs.

It will perform a distinct service for California veterans. It will guarantee adequate financing of state-sponsored welfare and rehabilitation activities, including support of the Veterans' Home at Yountville. It will relieve the taxpayer of the burden of paying for these services; greyhound racing will pay the bill instead.

California veterans ask you to support them in this campaign.

Let's carry through - Vote 'YES' on 2

Box Office Reporter

The news about "Two Sisters From Boston" coming to the local theater Sunday, Monday and Tuesday is that Schnozzle Durante is still as funny as he ever was—and doing the same things. Fashioned with loving care and mounted with all the rich ornamentation possible at the Metro studios, this picture is a worthy frame for Jimmie's magic and unfailing talent. Given his head by Henry Koster, the director, he enthusiastically gives his whole repertoire, from Durante the beer hall piano player to Durante, the diamond in the rough, and no audience can fail to enjoy every minute of it.

There's other talent, too, if more persuasion is needed, including Lauritz Melchior, Kathryn Grayson, June Allyson and, for the bobby-soxers, Peter Lawford, but The Nose is supreme.

The screenplay by Myles Conolly is as standard as Durante and as certain of success. It's about a Boston girl who shocks

her prim family by performing in a Bowery music hall to earn enough money to become an opera singer. The story moves swiftly even though without surprises. Naturally, neither the austere atmosphere of the Metropolitan Opera nor the cultured society of its rich patrons are any match for the ebullient Jimmie. Along the way the incidental entertainment

ranges from authentic burlesque as it was on the Bowery in the Nineties to just as authentic grand opera with Melchior at his magnificent best.

Miss Grayson as the girl who defies convention to become a singer, and Miss Allyson as her less defiant but just as determined sister are spirited and sweetly appealing. Ben Blue contributes an alcoholic and amnesiac butler.

UNINJURED IN CRASH

Ivan Powell, 177 Redding Road, was uninjured when his car collided with one driven by Warren Walker of San Leandro on Oakland Highway at Capitol Ave. Walker's passenger, Jess Sisk of Richmond was treated at San Jose Hospital.

It is estimated five million cases of eggs went to California hatcheries in the first six months of 1946.
